

# 45<sup>th</sup> QUPEX Classic 2009

McLeod Country Golf Club 30-31 July 2009

Thanks to all participants & sponsors !

The 45<sup>th</sup> QUPEX Golf Classic was held at the picturesque McLeod Country Club Golf Course on 30/31 July 2009. This event is the original of the Australian oil industry golf tournaments, and is widely recognised as one of the most enduring industry events of its kind. The occasion attracted participants from all facets of the wider energy industry with particular support from our local CSG base. The tournament was played over two days and concluded with a presentation dinner and charity raffle on the Friday evening. The event again proved itself to be a highlight on the industry calendar.

This year the major prizes were kept within the committee in a fitting rout covering both days! Even the industry cup was won by QUPEX over the SPE, PESA and Roma Oil Patch teams. Our favorite charity, the RFDS received a record \$10'000 over the 2 days from a very generous field. Well done all round!

## A word from the Chairman

The weather was fine and the golf course perfect as a capacity field of oilfield "golfers" descended on McLeod Golf and Country Club for the 45th QUPEX Classic. The support the committee received from the industry was stunning and I want to thank Santos for once again stepping up to the tee box as the major sponsor.

As you see in the sponsor logo collection the local O&G industry has played its part – as a networking event the QUPEX Classic is hard to beat.

The real winners of the event are the Royal Flying Doctor Service that the industry relies so heavily on for support in the outback. It is a credit to our players that we could raise \$10,000 through some light hearted betting on golfing prowess! Thanks to the RFDS rep's and to the NOV team that worked hard for a worthy cause.

Special thanks to our principal sponsor!

# Santos

## Thanks and Farewell to Ross & Mike

After over 20 years of involvement in keeping the QUPEX Classic evolving into a major calendar event for the industry it is time for Mike and Ross to hand over the reins to a very capable committee expertly trained over the past few years.

Our contribution has been acknowledged by honorary life membership with privileges yet to be defined! THANKYOU

Gordon Buck will steer the team in 2010, accepting the challenge of catering for the ever increasing profile of the QUPEX Classic.

See you in 2010

## Some highlights of the 2009 QUPEX Classic Golf Tournament

- 200 oil & gas industry representatives share good times!
- Ambrose team event again attracts a capacity field.
- \$10,000 raised for the Royal Flying Doctor Service.
- Kudu \$20,000 Hole-in-1 left seriously wanting !!
- Gordon Buck appointed as new Chairman of QUPEX Classic

"QUPEX extends it's sincere thanks to Santos for its continued support and 2009 Principal Sponsor."

20	<b>RLMS Originals</b>	Ross Skerman, Ben Skerman, Justine Francis

The 2009 QUPEX Ambrose Wildcatters – Innamincka Petroleum

**Congratulations to the winners listed above and thanks to the many sponsors that contributed to the VERY extensive prize list.**

The real winner of the 2009 45<sup>th</sup> QUPEX CLASSIC was again the RFDS – a late donation/raffle made sure of this, again thanks to all those who dug deep in their pockets

Brendan Doetzel and Catherine Anlezark (National Oilwell Varco) with Vic Morris (RFDS) raising money for the Royal Flying Doctor.

**Great tournament, great sponsorship and an appreciative audience – the industry at it's best – engaging, net working, prospering but still playing very slow golf !!**

**The next QUPEX Classic – 29 and 30 July 2010**

**Put it in your diaries now !**
